LITESCREEN®

Litescreen® Additional Stormproof

Kit that secures the Litescreen® for when you need to work in extreme weather conditions.

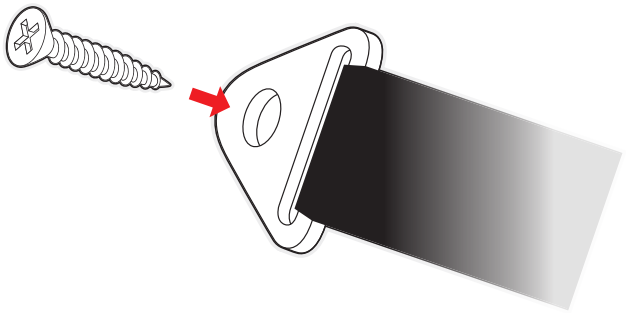

With **Litescreen® Additional Stormproof**, you effectively secure your Litescreen® and get four more attachment points at the edges of the canvas - good for when the weather forecast looks bad.

Keep in mind

Note that the Additional Stormproof accessory only fits original Litescreen® products.

Instructions for use

1. Attach the plastic clips to the Litescreen® poles in the corners.
2. Fasten the metal loops (for example in the window frame) with a screw.

3. Tighten the strap, but without overdoing it.
4. When all four straps are attached the Litescreen® is secured for bad weather.
